World Casino Directory gives full attention to the most active casino continent in the world. With only three countries in it, North America has more casinos than any other continent.

As one might suspect you will find the North American casino and gambling scene dominated by [USA casinos](#). In the United States alone there are nearly 1,500 gambling facilities ranging from casino resort style gambling facilities to poker rooms and pari-mutuel facilities. See the complete [United States casino list](#).

America is home to [Las Vegas](#), [Nevada](#) and of course Vegas casinos are the top casino destination for American gamblers and international gamblers as well. Other hot gambling destinations in the U.S.A. include: [Atlantic City](#), [Biloxi](#), [Reno](#) and there is notable growth in the Gulf Coast gambling sectors: [Mississippi](#) and [Louisiana](#). Both the western states of [California](#) and [Colorado](#) are also growing.

In Colorado keep an eye on [Black Hawk casinos](#). The riverboats of [Illinois](#) and [Indiana](#) continue to thrive and most recently you will find [Pennsylvania casinos](#) making a place for them on the map and other U.S. states are rapidly expanding their gaming horizons.

Pari-mutuel facilities are available in the U.S. and host events like jai alai, horse racing and greyhound races to bet on.

Nearly every state in the U.S. has a lottery. Check in on [USA lottery](#)

 [Canadian casinos and gambling](#) seems to be picking up all over the country which now houses over 100 casinos and growing every year. Make sure you mark Canada casinos on your map. The casinos in Canada can range from medium-sized to incredibly large casinos. You'll find slots, craps, roulette, keno, blackjack, baccarat and much more available. B.C. casinos are a very popular destination for Canadians and gamblers from the Pacific Northwest area of the United States. You'll find the fine dining available in these casinos a real treat and the service impeccable.

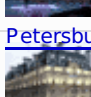

Canada has several lotteries and World Casino Directory has the results daily: You can check the  [Canadian lottery results](#) here.

 [Mexican casinos](#) have not caught on quite yet - a couple opened in 2006 but are no longer open and from our reports there are no current re-openings yet scheduled. It looked for a moment in 2006 like things were going to be worked out but with the restrictions put on casino gambling by the Mexican government in 1935 they seem to be stuck... for now. We hope that we will see legalized casinos throughout the country soon.

Finding casino listings and navigating the directory

The quickest way to find any of our listed [casinos](#) is to enter its name in the [casino search](#) bar at the top of the page and click search. Alternatively you can select the proper continent and drill down first to the country, and then to the state or province and finally on to the casino city.

We list every land based casino in the world! In addition, you will find poker rooms, thoroughbred horse racing, [greyhound tracks](#), racinos, jai alai frontons, sports betting and casino cruise ships.

Currently we have about 4,000 land based casinos, [pari-mutuel](#) and other established gambling facilities listed in our casino directory. If you want the complete list, see this page: [world wide list of casinos](#).

At the World Casino Directory you will find more than just contact information, you will find [casino pictures](#), news, and options to reserve your hotel room right on

our site. Our prices are competitive and your business is appreciated.

Online Casinos

It is important to check with your local officials to make sure that gambling at an online [casino](#) is legal in your jurisdiction.

Once you know that, please check out some of the links in this article which lead to the best online gambling portals on the internet. For the French visitors we have prepared: [En ligne casino](#). And for our German visitors: [Online Casino Spiele](#).

World Casino Directory would also like to share our [free blackjack game](#) to practice your skills in real time. Use it as an analyzer tool which can help you to increase your wins while you play at your favorite [online casino](#).

Check out Jackpot.co.uk which has to be one of the most complete and also "nice" websites we have visited. This [British online casino website](#) has to be about the best we've seen so far.

Qualifying for Major Poker Tournaments online:

Of course with the online casino directory release in 2008 we simultaneously launched our [online poker directory](#). This was mainly in part to help land based gamblers easily qualify for major poker tournaments online and from home, a trend that is gaining popularity every day.

We have a few friends in the poker industry that are clearly worth mentioning, especially for German and French players. First there is Das Poker , an incredible German poker guide, and the next would be the French version of Das Poker.

Make sure you also take a look at these awesome Phil Hellmuth Videos if you have time or just want a good laugh, there is some pretty comical poker action in here. Find information about all aspects of slot machine play here: [Slot machines](#), or click here for our [gaming resources directory](#).
